## 'M:ADE Afterwards'

*Created collectively by the people of Moray during the COVID-19 pandemic, 2020*

Afterwards, I hope we all appreciate being outside more and taking stock of the little things in life

Afterwards, I think one thing that should change is how we live together as a community

Afterwards, I would like to see us come together to enjoy the things we couldn't do in lockdown

Afterwards, I hope everyone values their health and takes care of themselves

Afterwards, I would like to see more kindness in the world, more helping and chatting to others

Afterwards, I would like to see people continue to support small businesses and shop locally

Afterwards, I hope everyone takes care of themselves, washes their hands and eats healthy

Afterwards, I would like to see doctors and nurses given a pay rise

Afterwards, I would like to see more places for young people to express themselves

Afterwards, I'll go out with my friends more, because now we can't just 'see them tomorrow'

Afterwards, I want to see no more talk about cutting back our NHS

Afterwards, I would like to see people being more thankful for the simple things in life

Afterwards, I would like to see a new normal, where people are more tolerant and understanding of each other and where differences are welcomed
